VALIDITY AND INSTITUTIONAL CONTEXT NOTE

Fundación CEIS Marista employment reference - authority update and referee continuity

Professional:	Vladimir Bernardo Acuña Valdebenito	Verification date:	October 1, 2026
Related document:	CEIS Recommendation Letter dated January 12, 2026	Version:	2.0

IMPORTANT: the published institutional position is Executive Secretary. The letter was issued during a previous CEIS administration. Since September 2026, Exequiel Silva Sepúlveda has been the new Executive Secretary. Jorge Radic Henrici remains connected to the Marist Network in sector animation and education roles.

1. Purpose and scope

This note accompanies the recommendation letter related to Vladimir Bernardo Acuña Valdebenito's career at Fundación CEIS Marista. Its purpose is to prevent confusion when validating an employment reference issued under a previous executive authority and to record the institutional structure published as of October 2026.

It is not a new recommendation letter, an employment certificate, or a document issued by CEIS. It is supporting material prepared by the professional from public, verifiable institutional sources.

2. CEIS authority: before and now

Context	Name	Institutional situation
Previous administration	Jorge Antonio Radic Henrici	Served as Executive Secretary of Fundación CEIS Marista when the recommendation letter was issued. The official communication dated September 24, 2026 states that he left that responsibility and continues in new roles within the Marist Network's sector animation.
Current administration	Exequiel Silva Sepúlveda	Became the new Executive Secretary of CEIS Marista in September 2026, replacing Jorge Radic H. The official announcement was published by Maristas Chile on September 24, 2026.

Website update warning: the public CEIS website still shows Jorge Radic as Executive Secretary in some sections. The most recent institutional communication of September 24, 2026 should prevail when identifying the current authority.

3. Jorge Radic's institutional continuity

The change of Executive Secretary does not mean that Jorge Radic has left the Marist Network. The official sources reviewed show institutional continuity and current or recently published roles within the same network.

Public reference	Role / background
Maristas Chile - 24-09-2026	The change announcement expressly states that Jorge Radic will continue in new roles linked to the Marist Network's sector animation.
Marist Mission Area	The current institutional page identifies him as Coordinator of the Marist Mission Area, an interdisciplinary sector body for animation and support of the educational mission project.
Instituto San Martín - 08-09-2026	An official publication identifies him as Director of the Marist Educators Training School.

4. Current institutional details of Fundación CEIS Marista

Institution	Fundación CEIS Marista - Center for Psychoeducational Evaluation and Research
Address	Santa Mónica 2056, Santiago, Chile
Telephone	+56 2 3293 3001
Institutional mobile	+56 9 9266 5876
Email	contacto@ceismaristas.cl
Website	www.ceismaristas.cl

5. How to manage validation of the recommendation letter

- First validation route: contact Fundación CEIS Marista through its current institutional channels and explain that a letter issued during the previous administration is being verified.

- Second contextual route: consider that Jorge Radic remains within the Marist Network. His change of role does not by itself invalidate a reference related to the period in which he served as CEIS Executive Secretary.

- Current authority: Exequiel Silva Sepúlveda currently holds the CEIS Executive Secretariat, and the institution can indicate which person or unit should confirm historical employment information.

- Name and position: when citing the historical letter, identify Jorge Radic as CEIS Executive Secretary during the issuance period, not as the current executive authority.

- Original document: retain the signed original as the primary supporting record. The portfolio's public version is a transcription and states that the signed original is available upon request.

- File placement: place this note immediately after the CEIS Recommendation Letter when the letter is attached to an application or professional file.

6. Recommended reading by a third party

Correct interpretation: the recommendation letter belongs to a period when CEIS had a different executive authority. An institutional transition occurred afterward. The former referee, Jorge Radic, continues to perform roles within the Marist Network; the current executive authority of CEIS is Exequiel Silva Sepúlveda. Any current formal verification should use CEIS's current institutional channels.

7. Version management and control

Recommended name	Validity and Institutional Context Note for an Employment Reference - Fundación CEIS Marista
Responsible	Vladimir Bernardo Acuña Valdebenito
Status	Supporting document / updated institutional reference
Review	Update if CEIS changes its Executive Secretariat, contact details, or relevant institutional structure again.
External use	Attach only together with the recommendation letter or when a third party needs to understand the authority change and the referee's institutional continuity.

8. Verified institutional sources

- Maristas Chile - New Executive Secretary of CEIS Marista, 24-09-2026
- Maristas Chile - Marist Mission Area
- Instituto San Martín - news published 08-09-2026
- Fundación CEIS Maristas - official website
- Fundación CEIS Maristas - About us
- Professional portfolio - public recommendation-letter transcription

Update criterion: when an older institutional page and a more recent official communication differ regarding an authority, record both dates and use the most recent information to identify the current authority. The historical letter retains its value as evidence of the period in which it was issued, subject to authenticity and institutional validation.
